6/7 Claudia

1 jour par semaine, pedagogique

Monitrice de langue besoin

Lucy bibliotheche, fransisation

Recontre avec m Fariba demain

Difficult finance de CSF, Jacques deals with budgets

Virginie depart, post affiche

What about EA's? question from Irina.

What do we have now: 35hrs per school currently & 20hrs per supervision per week next year. Is this number realistic for our school, going to have 10 hours less than this year. Claude will be meeting with Fariba tomorrow and requests for more hours but if not successful then will ask teachers for assistance. What is the CSFs plan if teachers /EA's leave, is there a backup plan? Plan B is principal try to locate them. Every day a substitute was asked and no one answered or came.

Irina, is there a way to register a complaint? How can we escalate this? Being heard? Our representative is M Jacques Dufres.

Fariba was meant to come back with a plan for our school lack of EAs (Lynn did an evaluation of school processes; overall how can school offer more effect system to

prevent was has occurred.) They were meant to go away, discuss and Fariba come back mid-May with an update. She committed to come back and follow up.

Claude to meet with Fariba tomorrow... How the school will move forward, what will be done differently to address safety, violence and resources.

Follow up on broader initiative for support. – Fariba
Irina will follow up with Fariba with a date to get feedback.
It's been necessary to have another resource in a specific class 2/3

Fariba can't create a new budget, we need to talk to the trustee, Jacques, parents need to ask for a change in the budget. Irina is happy to initiate this. Follow certain channels, which we are.

Major budget cuts because new systems are being put into place. Budget is extremely tight and not much wiggle room. This is where parents can lean on a trustee and ask for suggestions, but it may fall more on parents to take action.

Irina doesn't think that's the main issue. Not lack of tools, resources are key. A second resources is essential, ultimately.

Take away:

Will need to be taken way to another conversation:

Irina to set up another meeting with Fariba after Claude. Next PAC is June 1st.

- Enseignant, divisions, Fariba
- Share the updated Code of Conduct – will be in agenda and an in class activity
- Thank you to Marion for stepping in
- Only 1 EA in school as one is on leave. NC follow up with Claude about EAs...

ELP can we provide things to do/ day care for PD days that don't coincide with SCCS. Can any parents take that on? An after or during day care.

Laura – SD48 has changed their bus, talk to transport committee, community awareness of how kids can ride the bus. Avenue to discuss a forum for open resources for transportation. This is where we landed, make it open to parents what they can do. We would want to be part of this discussions with SCCS. Laura will be taking this on. Jack Crompton come to talk about transport? Invite to next meeting. not same meeting

2. Rapports des membres: (Member reports)

Annie/Nenna

- Cheakamus centre (late request for funds \$5K)
- We will need to ask parents for a portion around \$100, school will cover what parents can't.
